Other organizational business:

Routinley trying to schdul camhpra bd meetings on Wednesdays.

Next meeting check with drc, possibly Halloween, or 24<sup>th</sup>, else 11/7. Jim will ry to set toay w/Griselda alvarez

Coalition updates:

Far north: 0

Bapac:keenan introduces self. 7/1 bapac met. SF working to get more access to clients in jail. Alameda: working a lot w/facilities to improve conditons incl visiting hours; sf: Sonoma: aurora to be opening. A PES will be opening, licensing is

unclear. Napa: ann coller did audit of patientrights. Working on voluntariness at NSH. Ccc: out-of-county placements; reorganization at mh level; acting mh director and; Monterey: b&care work. Foreclosur of b&c; santa clara audit of "hi level facility", continu to do 5150 trainings; b&c project being coordinated by MHSA consumer affairs folks; outreaches and trainings; working on satisfaction survey for clients. Ery involved in kg implementation.

Central: Gloria. All stuff for Fresno is in storage. Tulare has voluntary issue. Fresno: 5150 starting time; tasers on acute psych unit. Leslie Morrison is helping with that. hNDCUFFS, tasers. Private hospitals contracting with county. Crestwood opened PHF: BAD. Non-non-nons are going there.

Orange: regional center clients at mh clinics; mou is needed; koffult decision requires meeting. Down 2 advocates; adocate will start 8/10.

Other advocacy

Ccmh: preis. Interest in realignmentm and lack of leadership at DMH

MHAS: jim preis. CALMHSA; create replicable ways of attacking stigma & discriminaaaaaation. Will be evaluated by Rand Corporation. Working with drc to fight discr & stigma; development of fact sheet; see DRC website,. Good resource. Training modules being developed. The driver: ADA & Olmstad. Policy papers being developed. Ending of ab3632; concjfsion;transition not smooth. Would like to hear about it if different counties have issues. Aclu and immigration, francel v holder, case proceeding as to right to counsel; AB109, TRANSFER of prisoners

Public policy: AB1569.

CAMHPRO: jim marquez was going to speak with Eduardo vega. No website; request likiage. Confusion is our only concern, Jim M reach out to Eduardo vega; Jim R to follow up on CARES coalition.

Listserve: fixing CAMHPRA [spelling].

Break for lunch 11:52

COPR: [agnes] spoke w/ann during lunch. Michele has met w dept of state hospitals and is planning on meeting w dept of social services [licensed] dept of healthcare svce [certified]. Michele getting name and contact info. PRAT hopefully February, same hotel. Recommend: how to challenge conservatorships [meeting with clients and PD]. Timing of keynote speaker request not first thing in am; more training re s/r monitoring. Trouble getting newer advocates into newer training [more space basic advocacy]. Will have larger rooms.

## Public policy

Ab1569: renewal legislation [forced outpatient tx] rereferred to committee 8/6/12 to appropriations. Anticipated cost of \$150,000 or more. Need to know more about status of bill -- CAMHPRA opposed to using mhsa funding for it. After appropriations, then what? Camhpra has long been opposed to implementation of Laura's law draft letter, legislative committee will coordinate w drc and cares coalition to develop veto it if it comes before gov, but to support 2134. Oppose reauthorization bill Hernandez/

We've take position of opposition to 1569, reason being we support 2134. Make supportive arguments. Jim r to contact cares tomorrow. Legislative committee will coordinate with other organizations. 2134 better reflects best practices and client-centered services.

2134: just discussed.

Ab1907: due process requiring inmates under realignment transferred to county jails to have medication due process. Order lasts for a whole year. Advocates listed, defined as counsel. This is not lps; but criminal justice law. Problematic. s/b public defender rather than patients' rights advocate. Similar to kahea hearing. Probably small number of state prisoners will have these hearings. Suggest amending legislation to exclude advocates as counsel. Check it out; rereferred to appropriations, hearing 8/6. Who will pay cost of hearings? Realignment fund? Figure out where it is, then propose removing pra

Kg. remanded to marin county court for implementation procedures. 8/20 next negotiation meeting. Counties are expected to implement something on interim basis. Case was not appealed; is final. Wish opr could coordinate between different counties, get help implementing as should be. Camhpra should ask opr to take the lead. Coordinat w/mort and drc. That is where we should emphasize our pressure. Support counties in interim. Support mort and dan b. for implementation procedures. In some counties, san diego, santa clara, santa clara there were procedures for riese-like hearings for temporary consent fees. Footnote in case. Dan and mort write memo to all advocates for interim. Advocates send to county counsel and court urging use of LA [most robust] procedures. Jim to contact dan and mort. Jim m to contact state office.

## New business

Lps reform task force 14 recommendations. Discuss report not just responses.

7/22 meeting in sac coming up; who can go. Jim R.'s office is short-staffed but he will see about his and Anna's schedule.

Does CAMHPRA want to write its own letter? we need to know where we stand. Or, [jim P] take positions on the ones we know the most about [eg 1 single hearing]. Anna volunteers to take a written stab at what is most important to advocates. First 5 recommendations. Radical changes to the law which diminish or wipe out patients' rights. Also #10, implement Laura's law. Obliterate a whole body of case law. And CA constitution. Self-appointed committee. 1-gd: change. 2-combine hearings. MDs would no longer have to talk w/patients in order to get INFORMED CONSENT.

Went over 1<sup>st</sup> 5 recommendations of report, and #10, Laura's law.

Postpone darlenes report until next meeting since received so late yesterday

5150 v 5151: when does a hold start? Coming in through condesigner. 1799: get credit for time spent in e.r. then regroup

roulet decision [jim preis] reason brd is required by ca. constitution

addington v. tx: federal law, std of proof is cce.

Transfers out of syx of care to FQHEs or pcp if consistently score high on MOREs score with NO NOTICE OF ACTION. Jim R. looking into it with santa clara personnel.

Agnosia:

SSA direct express card will be in effect 3/1/2013.

Voluntary: county will cover for emergency care, not voluntary. Address w/ utilization review people and counties. s/b based on medical necessity as with private insurance. Check w/Francesca.

Serv the hold th same day it's written. Daily assessments. 24 hours is a lifetime. Better for the doctor to be more current.

For next meeting will be a Wednesday.
